We highly recommend that each studio be flexible when it comes to each regional city and the scheduling. Please set aside the entire weekend you are planning on attending to prevent scheduling conflicts with dancers.

Changes cannot be accepted 14 days prior to an event!! You will receive an email informing you of your competition/performance times/routine numbers one week prior to the first day of competition. Directors will receive their schedules one week prior to each regional. We ask that studios make all changes and edit to entries, via email to newyorkstatedancechallenge@yahoo.com OR fsdancechallenge@yahoo.com.

Changes may be made online until entries are frozen for scheduling approximately 12 days prior to the competition. Any entries that require changes once the schedule is complete will incur a \$5 fee, per change. Once schedules are posted, no routines will be moved. N.Y.S.D.C. & F.S.D.C. has their regional schedules setup based on the breakdown by solos, duos/trios, groups and lines for that particular regional city. We do not have breakdown in numbers until all of the entries have been processed, and at that time we set up a schedule which will best accommodate the participants at that particular regional city/location. Extra breaks may be added if the competition is running more than 45 minutes ahead of schedule.

If there are major scheduling conflicts, for example proms, weddings, within your studio, the requests due to the conflicts should be included with your online registration. If you find out after registration has been submitted, we must be informed via email of your scheduling requests no less than TWO WEEKS ahead of competition to appropriately schedule the routines (newyorkstatedancechallenge@yahoo.com)/(fsdancechallenge@yahoo.com).

*Any requests that come in after two weeks in advance cannot be guaranteed.

LIVE EVENT PLAN A: If there are no CDC, local, state or federal mandates, we proceed as normal (prior to COVID-19) regarding the design and scheduling of the event. We will continue the safety protocols we have put into place regarding cleaning and disinfecting since COVID-19.
